DETAILS

## 'Live' Project Communication

Simple, convenient and interactive project collaboration.

BuildersCAD includes a free one year subscription for eZ. (\$400 value) This allows you to collaborate in real-time on BuildersCAD drawings, 3D models, digital photos and practically any project information. Connect 'Live' to job sites and consultants, saving your team time and money.

Connect to Job Sites

Instant, Interactive Teamwork

Show Anything 'Live' Online

## 3D Models & Visualization

Easily generate 3D models before building begins.

Stop at any point while drawing walls and automatically generate a 3D model of your design. Dynamically view and cut sections through your 3D model. Combine multiple 3D and 2D project files into one simple to see presentation for customers to better understand design ideas and options.

Easily Create 3D Models

Easy Sketching & Presentation Tools

## Automatic Materials Take-Off

Increase your productivity and save valuable time.

The Materials Takeoff application creates detailed reports based on the plan information you've entered. You can create unique Stock Files for various building types and customizable Estimating Formulas.
